30012-30013	Pia	220-240v – 50-60mhz	2.3v/3.6w	0.06w/3v

Safety instructions

- To avoid damage to the product and to prolong its lifetime, you must install the light chain correctly and avoid bumping the product into things. When you take down or pack away the light chain, the product must be clean and dry. Avoid putting the light chain in a closed plastic bag as condensation can form and damage the product.
- **IMPORTANT!** Only connect this light chain with its respective starter kit/extension kit. Only use the transformer that is suitable for the product. If the supplied transformer is damaged, a new one can be purchased through your retailer.
- Do not connect the product to power while it is still in its packaging. Please note that the cord and LEDs of this light chain are not replaceable. If these parts are damaged, the product must be discarded.
- **WARNING!** The light chain is not a toy and must be placed out of the reach of children.

Troubleshooting

- Are there no light in the light chain, check that the product is turned on (ON)
- Cord and transformer is connected correctly

Right of complaint

- Led-Nordic provides a right of complaint in accordance with the rules of the Danish Sale of Goods Act. However, the buyer does not have a right of complaint on light sources and other parts that are subject to continuous wear and tear. The right of complaint also expires if the product has been

modified or adapted from the original design or if defects occur due to external damage, misuse, misapplication, careless handling, incomplete or incorrect installation/assembly.

Should you have any questions about the product, you are more than welcome to contact us.

With best regards

LED  NORDIC

Enjoy the little glimpses
